“I-WIN brought me confidence and consolation. The I-WIN family made me feel appreciated and supported. Strength, motivation, and self-esteem are essential for us newcomers, to be able to understand, be resilient and get ready to set a firm foot in a new life. I-WIN helped me make new friends and connections by teaching me that ‘together we are stronger’! If I could take a cup of I-WIN program every morning, I would because it has become more than just a program to me; it is the daily dose of energy that keeps me going”.

-Sabrine Mzad, I-WIN Graduate
